To the FDA,

Re: Docket No. 98N-1265

As a consumer of healthcare services, I wish to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

The rights of physicians and patients to obtain the healthcare products from the provider of choice will be severely restricted if the MOU remains in its present form and in conjunction with the Compounding Section 503A of the Modernization Act.

This also infringes on the right of compounding pharmacists to serve our medical needs. There should be no restrictions to the delivery of a compounded medication prescribed for me, a healthcare consumer, regardless of where I live or travel.

Please, amend the MOU!

Sincerely,
